S&M

SINCE 2006

We Can Design & Produce Private Molds Tooling For Packaging

Product Application

Our Factory

S&M designs, develops and manufactures plastic and metal spray dispensers and packages for the cosmetic, personal care and general merchandise industries. Our packaging products include plastic fine mist sprayers, plastic and metal crimp sprayers, lotion pumps, treatment pumps, airless dispensing containers, triggers and mini trigger sprayers, glass, plastic and acrylic bottles as well as plastic tubes.

S&M can design and produce molds for spray containers and closures with customized shapes, sizes, colors and decorations. Our innovative design and engineering department can develop new items quickly at reasonable costs.

S&M more than 10 years' experience in the packaging industry, we have focused on customer service and quality product for worldwide markets.
